

Syllabus
Math 6460 (800:203): Complex Analysis I, Fall 2017

Contact Information: Olena Ostapyuk

e-mail: ostapyuk@math.uni.edu (this is the good way to contact me)

Office: Wright 305

Office phone: 273-2432 (this is the bad way to contact me)

Office Hours: Monday, Wednesday, Friday 1 pm to 1:50 pm or by appointment. **Note: this is preliminary schedule, it may change in the future!**

Textbook: *Complex Analysis*, by Theodore W. Gamelin, ISBN: 0-387-95093-1 (hardcover) or 0-387-95069-9 (softcover).

We plan to cover the first part (sections I-VII) and maybe some topics from the second part if time permits.

Web-page: The class web-page is <http://math.uni.edu/~ostapyuk/MATH6460.html>. It contains the copy of this syllabus, homework assignments and deadlines, exam dates and other important information. Some information will appear later on, so please check the web-page frequently.

Grades: Course grades will be based on the points you receive for classroom presentations, one midterm exam, comprehensive final exam, homework and (possibly) labs.

Exams: There will be one midterm exams (scheduled during regular class time, 50 minutes) and comprehensive final exam during final week (1 hour 50 minutes). Midterm exam date will be announced in class and posted on the web-page at least one week in advance. Final Exam will be on Tuesday, Dec.12 from 10 am to noon. Some parts of the exams may be home-take. Attendance of all exams is required. If you miss an exam without a justifiable reason, you will receive 0 points for this exam. If you miss or plan to miss an exam for a serious and verifiable reason, please let me know ASAP.

Homework assignments and due dates will be posted on the class web-page. Unless noted otherwise, all problems are from the textbook. You may work on homework assignments together or get help from me, but please make sure that the solutions you presented are your own or at least well understood. **Staple your homework!**

Labs: We plan to have two or three labs. They will be scheduled during normal class time, but in a different room. Information about labs will be posted on the class web-page at least a week in advance.

ADA: Instructional accommodations due to disabilities must be arranged through the Office of Disability Services. The ODS can be contacted at 273-2677 or via <http://www.uni.edu/sds/>.

Equal Opportunity and Non-Discrimination Statement: <http://www.uni.edu/policies/1303/>.
